

# ENGINEERING CHALLENGE CUP 2021

## Bulletin 02, March 31 UPDATE STATUS ECC2021 EVENT

Dear Skippers and Commodores,

Now we all are getting familiar with the terrible COVID-19 virus, we express our deep condolences for those who are affected and those who passed away due to this pandemic disaster. It remains an uncertain future ahead of us without a decent possible prediction how things will work out for all of us. We hope for the best and wish you best of health, recovery and comfort.

We are happy to have received 49 out of 50 positive reactions and confirmations to participate in the ECC 2021 (see the list in this Bulletin). We also want to express our serious respect that so many of you supported a big step into this future with us, it feels like the ECC family spirit we share.

**a big thank you!!!!**

**As a result, we can now confirm that we have a new rescheduled ECC event in 2021 ☺.**

For your agenda:

**arrival Saturday May 8<sup>th</sup>, 2021 and departing May 15<sup>th</sup>, 2021.**

Your Organisation Committee took on the challenge to get this next ECC organized in the same way as we planned it for this year, so your **contacts remain the same for the OC and Sasha for the Charter matters.**

The ECC 2021 organisation starts now in March, being very early comparing to the normal time frame. The sequence of bulletins we issued will be decreasing, as we try to avoid to repeat too much information so you will not read them any longer.

A note to newcomers, please be so kind to read through the 2020 bulletins, to come to the same level of information as we shared until today. These bulletins are available at our website: [www.eccsailing.com/ecc-2020-bulletins/](http://www.eccsailing.com/ecc-2020-bulletins/)

There is some more space for additional boats to join, so if you know skippers who might be interested, please introduce them to our event as you were introduced yourselves.

This bulletin will also be shared with the Eligible ECC Skippers in order to invite new entries. New entries priority, Eligible skippers then New skippers, as per protocol.

# ENGINEERING CHALLENGE CUP 2021

Re-entered ECC2021 skippers will be contacted by High Point Yachting (Sasha/Eva) to settle charter documents in due time. We are hoping to keep the same fleet, but it is too early to have all boats and details in place, so we kindly ask for your patience. We are also confirming the rest of the organisation, so the full information will be available as soon as that is possible under the current circumstances.

Summarized: High Point Yachting (Sasha and team) will be issuing an addendum confirming the transfer of the current booking to the new dates.

*The ECC goes beyond the horizon, but does not disappear, we remain looking forward to a joyful time and request for your understanding and support.*

*Navigare necesse est,*

Pieter Hadjidakis & Eddo Cammeraat

**OC team ECC 2021**
