

ENGINEERING CHALLENGE CUP 2022

Bulletin 03

September 13th, 2021

ANNOUNCEMENT: ECC 2022 IS OPEN FOR REGISTRATION!

ENGINEERING CHALLENGE CUP 2022

Dear Skippers and Commodores,

After we updated the ECC Trophy in 2019 with our logo, we now restart the TEAM 2022 for the preparations for 2022. During a call with our Admiral a new reward, being commodore for the third time now and so for the longest period, will be addressed to the TEAM as a whole.

Sasha was in Croatia last week, discussing with our charter companies, what is the best way to continue for next year. We try to keep the fleet as booked for last year. However, we already foresee some changes again as boat owners change. We try to keep the fleet as close as possible as booked, but some of us may get another boat.

Vaccination is getting on its way creating a new world with COVID19 among us. As expected at this moment, it will not be over next year as we know now. However, we hope and trust to be able to continue our event within allowable rules and circumstances which may be required.

There are still some free places available before we reach the maximum fleet of 54 Yachts, so a new round of documents streaming visa-versa is under preparation. We also welcome additional sponsors, please let us know if you want to share your success next year.

Navigare necesse est,

Pieter Hadjidakis & Eddo Cammeraat
