

ENGINEERING CHALLENGE CUP 2022

Bulletin 10

April 24, 2022

ECC-APP

Dear skippers, commodores, Crew members

Only 12 days to go.

We are happy, and it looks like we have many Fan's for the App we prepared for you, Eddo who worked on this application very hard, and is very happy with this result!!!

Today we have **80** users, very well done for those who succeeded to enter the app in such a short time 😊. Please tell/help your ECC friends to go through the instructions of bulletin 09, so they can enjoy the fun of the app as well. Although the app is Menth for all sailors, we understand that people at home might be joining as well, however we request those to keep silent on the app and not to send any input to the app, we hope for understanding and discipline here. We also try to keep the website updated as well for those at home.

Remark!

The login codes tend to come in your **SPAM-folder**, from your email program, so please check this folder for this information, until you are registered. We will alert this several times.

No printed PILOT this year, but the APP replaces this source of information and more. We received several crew photo's, which are posted on the APP under documents/crew photos.

So beside the possibility that you can upload your own photo to your profile, we host the complete crew photo as an option to.

The APP gives us an option to broadcast information to all. This can be used to announce locations for skipper's meetings or other information to be shared to skipper/participants. This can only be successful if most of us keep a regular eye on the APP and alert your crew for any new input, even during our event.

ENGINEERING CHALLENGE CUP 2022

COVID

Please note that all matters with respect to covid are your own responsibility, please note that rules might change overnight, however we would like to inform you about sources that might be handy.

Croatian COVID rules;

The Government has made a site with all necessary information for tourists who are coming to Croatia, please find the link below:

<https://mup.gov.hr/UZG-COVID/ENGLISH/286212>

Further your airlines, airport of departure, etc, might have rules to adhere to, please do prepare your travel in order to prevent surprises.

ECC2022 ROUTE will be published on the website and in the ECC APP

Navigare necesse est,

Pieter Hadjidakis & Eddo Cammeraat
