

ENGINEERING CHALLENGE CUP 2022

Bulletin 08

Superevent APP, Transport & Local Shopping

April 14th, 2022

Dear skippers and commodores,

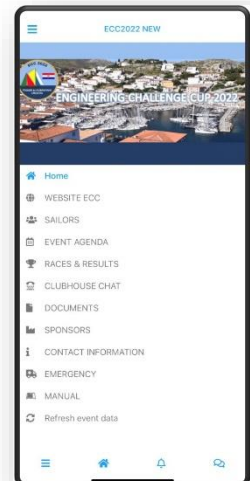

Only 22 days to go now!

SUPEREVENT APP

We are happy, and we hope you will be happy to, with an App we prepared for you.

We will send you a separate bulletin (09) this weekend with detailed information about the APP. We will invite you with a new event code to start-up and create your login into our new APP. Please ignore the previous edition as our App provider developed a software update, deleting all our previously made content in 2020, some years ago 😊 and we lost all earlier log-in information made 😞 by those who logged in earlier in the old version.

These new invitations tend to come in your spam-folder from your email program, so please check this folder for this invitation, until you are registered. We will alert this several times.

CREW LISTS

We received several reactions on our comment about the missing crew-list, it seems that we have created frustration at some skippers as well. Our “Fashion department” will do their utmost to make everybody happy, however we missed the closing date for new orders, so we must settle with the available stock.

Some skippers expect the polo’s to be part of the scope of supply, however without sponsoring there would be no polo’s at all, thus big applause for those who sponsors our event!!
