

ENGINEERING CHALLENGE CUP 2022

Bulletin 12 Second-Last Bulletin “QUESTIONS”

May 1st, 2022

Dear skippers, Commodores,

With only 6 days to go and already 126 active sailors in the app we have finally come to our second-last bulletin for the ECC2022. All the next information we will share with you in the App via Broadcasts or via the website. At the end of the regatta you will receive the last and farewell bulletin from us.

We have not received that many questions up to now, either we behaved very badly, or it seems that you received most information needed. We hope for the last, however please do not hesitate to contact us if you have any question or if you require any additional information.

ENGINEERING CHALLENGE CUP 2022

- General questions can be asked to us: Tel Pieter Hadjidakis +31 6 129 79 848
- Questions related to your boat, need to be addressed to your charter company, only in case of emergency Sasha can be your intermediary & support.
- Questions related to racing shall be addressed to our race officers Alen & Denis on the race committee boat or during the skippers meetings.
- During racing all questions shall be hold till finishing and the VHF shall not be used.
- Questions and remarks related to information available in the Sailing Instructions are to be addressed before May 3rd by email only, thereafter questions will be ignored as information should be available for all competitors equal. Our race officer will clearly explain all information needed via VHF channel 71, so dedicate a person on board to listen to the information given, so you will not miss anything. Requests to repeat information on the VHF are not considered to be serious 😊.
- Tourist / shopping / dining / other things that may pop-up questions:
Please try to solve these challenges yourselves as much as possible. The OC does not have sufficient touristic skills.

We hope you all have safe travel to Trogir and we do look forward to meet you all again!

Navigare necesse est,
Pieter Hadjidakis & Eddo Cammeraat
