

ENGINEERING CHALLENGE CUP 2022

Bulletin 13 Goodbye

May 27, 2022

Congratulations for Gilles Caprari and his team for their victory of the ECC2022 Trophy.

After a beautiful racing week with difficult winds and close racing in the TOP of the overall racing results, we have a well-deserved winner of the Engineering Challenge Cup and a new Commodore, very well done Gilles.

ECC APP, seemed to be a very welcome introduction to involve all participants. We have some impressive figures to share:

- 223 sailors out of 280 participants entered in the APP and activated their profiles.
- the most popular item on our event menu was the RACES & RESULTS, which was viewed 3061 times! On average every person opened this feature 13,5 times!
- 141 private messages were exchanged 🎯, the participants used the app to connect with each other.

- So many of you up-loaded beautiful photo's, so all could see what others saw, amazing and thanks for sharing.

Photo's: Sasha from High Point Yachting, caught us all in action, you can download her pictures via our website, thanks so much.

Now it is time to look back to the memories we all have about this year's event. We hope that we do not have to overcome any more Pandemics in the future. We enjoyed the kind hospitality of Croatia and the Villages we visited and that welcomed our presence.
